+ zkEVM

Solana

... and more

*"Siva is designed to be extremely user-friendly and is one of the easiest Web3 products to use. It utilizes the latest Web 2.0+3.0, database, and API technologies to create a seamless ecosystem that can be accessed by anyone, anywhere, at any time."*

# Engage2Earn

**Problem:** Lack of Community Engagement  
Artificial Engagement Practices  
Low Visibility for Projects  
Barriers to Web3 Mass Adoption

**Failed Projects**

---

**Our Solution:** Rewarding User Engagement  
Authenticating User Interactions  
Amplifying Project Visibility  
Simplifying Mass Adoption

**Successful Projects**

*"Real German Engineering, and the best Discord User Experience you will ever see!"*

— 0xMaverick
